6-WEEK PLAN · 12 OCT – 22 NOV 2026

From 466 to 1,000+ LinkedIn Followers

A practical plan combining organic growth (people, content, events) with a small, controlled paid budget, focused on IT leaders, HR decision-makers and tech professionals in the DACH region.

466	1,000+	~90	≈ €700
Followers today	Target by 22 Nov 2026	New followers per week	Recommended paid budget (capped)

Weekly Milestones

560	650	740	830	920	1,000+
Week 1 · 18 Oct	Week 2 · 25 Oct	Week 3 · 1 Nov	Week 4 · 8 Nov	Week 5 · 15 Nov	Week 6 · 22 Nov

Where the 534 New Followers Will Come From

Growth source	Type	Est. followers	Why it works
Page invitations by all page admins	ORGANIC	120–150	Free monthly invite credits; reaches warm contacts directly
IT Talent Network & job / project posts	ORGANIC	60–80	IT professionals follow companies that offer work
Lead magnets (2 free PDF guides)	ORGANIC	50–70	Gives decision-makers a concrete reason to engage
Employee & MD advocacy (personal posts, reshares)	ORGANIC	50–70	Personal posts reach far more people than page posts
Newsletter + LinkedIn Live/online event	ORGANIC	40–60	Subscribers and attendees discover the page
Email to freelancers, candidates & clients	ORGANIC	40–60	Existing database, one-time push (GDPR check first)
LinkedIn Follower Ads + post boosting	PAID	90–140	Guarantees the gap is closed; precise DACH targeting
Total (estimated range)		**450–630**	**Target of +534 sits inside the range**

Figures are planning estimates. Actual results are tracked weekly and the paid budget is adjusted at the Week 3 review.

Content Plan: 4 Page Posts per Week

Day	Content pillar	Example
Monday	Jobs & IT projects	"Freelance project: Senior Cloud Engineer (AWS), Hamburg / Remote"
Tuesday	AI & tech insight (German)	"EU AI Act: 5 points every Mittelstand company must know"
Wednesday	Lead magnet, carousel or poll	PDF carousel: "AI Readiness Checklist" / poll: "Biggest IT challenge in 2027?"
Thursday	Proof & culture	Short client case study, team spotlight, Hamburg office

Best posting time: Tue–Thu, 08:00–10:00 CET. Mainly German, one English post per week. Newsletter every two weeks.

1 Page invitations (biggest free lever)
Make MDs, sales assistant and marketing page admins. Each admin invites relevant 1st-degree connections (IT, HR, DACH). New Sales Navigator connections are invited daily.
`Admin view → Invite to follow`

2 MD & employee advocacy
Each MD publishes 1 personal post per week (drafted by marketing) and tags ChauTech. All staff list ChauTech as employer and reshare page posts with one line of their own.

3 First-hour engagement team
WhatsApp group of 5–10 colleagues. Every new post is liked and meaningfully commented within 60 minutes, which increases reach.

4 IT Talent Network & job posts
2 posts per week with open projects or roles. Clear CTA: follow for new opportunities, CVs to the BD inbox. Commenters are invited to follow.

5 Comment as ChauTech
5 expert comments per day on posts by DACH tech media and IT leaders, posted as the company page so the logo appears.
`Comment box → switch identity → ChauTech`

6 Database email push
One personalised email (Apollo sequence) to freelancers, candidates and clients with the page link, plus link in all email signatures and the website footer. Data-protection check before sending.

Lead Magnets: What to Create and How

PDF #1 · "AI Readiness Checklist for the Mittelstand" (Week 2)
- **Audience:** CTOs, CIOs, IT heads
- **Content (2 pages):** 10 yes/no questions on data, processes, team skills, security, budget; a simple score (0–3 / 4–7 / 8–10) with a recommended next step; ChauTech contact box
- **Language:** German, with an English version

PDF #2 · "Hiring IT Experts: Freelancer or Permanent?" (Week 5)
- **Audience:** HR directors, hiring managers
- **Content (2 pages):** side-by-side comparison (cost, speed, flexibility, risk), 5 questions to choose the right model, typical time-to-hire, how ChauTech supports both
- **Rule:** only verified figures, sources named

How to launch a lead magnet (same process for both)
1. Design 2 pages in company colours with the original logo; export as PDF.
2. Post a 4–6 slide teaser as a document post: `Start a post → + → Add a document`
3. Caption CTA: "Follow ChauTech and comment 'CHECKLIST' and we will send you the full guide."
4. Send the PDF by direct message to every commenter within 24 hours; invite non-followers to follow the page.
5. Log names in the lead sheet; hand warm contacts to Sales.

Newsletter: "ChauTech IT & AI Insights"

How to set it up (one time, 15 min)
1. Open the page in admin view.
2. `Create → Write article → Create a newsletter`
3. Title: **ChauTech IT & AI Insights**; frequency: **Biweekly**; description: "Practical AI, cloud and IT talent insights for DACH leaders."
4. Upload a square logo image (300×300 px).
5. Publish edition #1. LinkedIn notifies page followers and invites them to subscribe.

Structure of every edition (600–900 words)
- 1 main topic (e.g., AI Act, NIS2, cloud costs, IT hiring market)
- 3 practical takeaways readers can apply
- 1 short ChauTech example or case
- Open roles / projects of the week
- CTA: subscribe, follow the page, book a call
- **Schedule:** #1 Week 3 (event announcement), #2 Week 5 (event recap)

Tactic 7 & 8 · Online event and partner co-posts
Week 3: create a free 30-minute online session "AI in the Mittelstand: What 2027 Brings" (MD + one guest) via `Create → Create an event → External event link` (Teams/Zoom). All admins invite contacts. Week 4: host, record, publish a recap and short clips; message every attendee. Co-post with one partner or client so both audiences see the page.

Paid Strategy (Inorganic)

1 · LinkedIn Follower Ads (main paid lever)

- `Campaign Manager → Create campaign → Objective: Engagement → Format: Follower Ad`
- **Location:** Germany, Austria, Switzerland
- **Job function:** IT, Engineering, Human Resources
- **Seniority:** Manager, Director, VP, CXO · **Company size:** 51–5,000
- **Test:** Week 2, €20/day for 5 days, then scale only if cost per follower is acceptable

2 · Boost best-performing posts

- Boost the 2 strongest organic posts (lead magnet and event) with €50 each
- `Post → Boost`, same DACH audience

Budget control rules

- Hard cap: **≈ €700** for 6 weeks
- Pause any ad above **€10 per follower**
- Expected: €4–8 per follower in DACH (validated in test week)

Paid item	Week 2	Week 3	Week 4	Week 5	Week 6	Total
Follower Ads	€100 (test)	€120	€120	€120	€140	€600
Post boosting	€50	–	€50	–	–	€100
Total	**€150**	**€120**	**€170**	**€120**	**€140**	**€700**

6-Week Action Plan

Week	Key actions	Target
1 · 12–18 Oct Foundation	Page audit (banner, About, CTA button); add admins; all staff link profiles; full invite round; email signatures + website link; engagement group; content calendar; IT Talent Network post	**560**
2 · 19–25 Oct Lead magnet #1	Launch AI Readiness Checklist; database email push; start Follower Ads test; MDs' first personal posts	**650**
3 · 26 Oct–1 Nov Newsletter & event	Newsletter #1; create and promote online event; poll post; **Week 3 review**: check cost per follower and scale ads	**740**
4 · 2–8 Nov Event week	Host event; recap post + video clips; message attendees; boost recap; partner co-post	**830**
5 · 9–15 Nov Lead magnet #2	Launch HR hiring guide; newsletter #2; team spotlight; second invite round	**920**
6 · 16–22 Nov Final push	Use remaining invites; final ad push; 1,000 milestone thank-you post; results report to management	**1,000+**

Daily routine (45–60 min)

- Reply to all comments and messages (5 min)
- Publish post + alert engagement team (10 min)
- 5 comments as ChauTech, 5 personal (15 min)
- Send invitations to new connections (10 min)
- Log followers; prepare next post (10 min)

KPIs tracked every Friday

- Total followers and weekly gain vs. target
- Impressions and engagement rate per post
- Lead magnet requests and newsletter subscribers
- Event registrations and attendees
- Cost per follower (paid) and warm leads passed to Sales

Decisions Needed from Management

Budget
Approve up to €700 for 6 weeks

MD time
20 min/day + 1 personal post/week

Admin access
MDs and sales assistant as page admins

Data protection
OK to email the existing database
